

COMMUNITY SERVICE AWARD FINALIST AND AWARDEE

Harry Freeman

Harry Freeman is currently assigned to projects branch C as the senior project engineer and is responsible for overseeing the operations of Cooper Nuclear Station, Grand Gulf Nuclear Station and River Bend station. Since joining the NRC, Harry has supported of the Combined Federal Campaign (CFC) and became the NRC Region IV representative to the Local Federal Coordinating Committee (LFCC) in 2002. He held the position of the LFCC chairman for the Tarrant County campaign in 2003 and 2004 and was instrumental in combining the Dallas and Tarrant County campaigns which subsequently become one of the largest campaigns outside of the Washington, D.C. area. Harry continues to serve on the North Texas LFCC and is currently the vice-chairman. Prior to joining the NRC, Harry served as a submarine officer in the U.S. Navy on the USS Phoenix (SSN-702) as a junior officer and the combat systems officer and as an intelligence officer at the Defense Intelligence Agency (included a rotation to the Pentagon during Desert Storm/Desert Shield). Harry earned a bachelor of science degree from Stanford University in 1983.
